

Art Through Inspiration

A large group of students, mostly girls in white uniforms and headscarves, are posing for a group photo in front of a multi-story school building. The students are arranged in several rows, some standing and some sitting on the ground. The building has many windows and a modern architectural style. The entire image is overlaid with a semi-transparent yellow filter.

History

History is a continuous, typical chronology that stores the record of significant events in order to define the hard works of the workmen. Our club has a glorious history modeled by some great artists around our college. As every hard work comes with great success, ours did too. Our institution expanded through College Section in 1990. Eventually, arts and crafts was added along with curricular activities. However an organized panel was formed in 2018 under the guidance of our honorable Principal Sir and our beloved Vice Principal Madam. Their hard work paid off and got the Best Institution Award in 2018. Currently this club is witnessing the light of success under the direct supervision of our Honorable Principal Sir and Responsible Vice Principal madam. The amazing journey of success is boldly leading us towards a greater future.

OUR MISSION AND VISION

1. Arranging an art and craft segment (Lotus making competition) on the premise of the Victory Day.
2. Giving guidance to our art and craft club members.
3. Arranging a fair to celebrate Bangla New Year.
4. Arranging 2-3 competitions in order to prepare the club members for inter college competitions.
5. Arranging online competitions to tackle the tragic situation of COVID-19.
6. Providing guidance to the club members through of experts.
7. Arranging an Art and Craft Competition on the premise of the Armed Forces Day.
8. Arranging an Art and Craft Competition on the premise of the Independence Day.

Moderators' Speech:

Our Honourable Moderator
Suriya Khan
Assistant Professor

As-salamu alaikum, I'm Suraiya Khan, moderator of SAGC Art and Craft Club thanking you all to join our club. Our club is running into this long standing path which has consistently dragged success towards us. Every human heart has an tingling desire and attraction towards art. That's what gave us a start. We are the beholder of the strongest media and the sharpest sword. Which is why we, SAGCACC are moulding these hidden desires around the World, Mother Nature and past but not least our college. In order to ignite their heart and remove melancholy from every students mind, we've created "Art Through Inspiration".

Thank you.

Savour the Pure Bliss of Art

Imagine you are working within a cubical, filled with rules and schedules. You can't break those rules, disobey them or do something as your own wish. Now imagine doing something new and exciting every day- you get to control your own work and time and do something so soothing that you leap into a different world. This is what doing art feels like and that world is your imagination.

Art and craft is one of the most effective expression of creativity. An artistic mind seeks a colorful perspective in any context. This creativity, with enough nurture, can even seep into a person's home and work life. A student gains a sense of uniqueness and gets a competitive advantage than her peers. Busting a common notion: Art and craft are not a waste of time, in fact, quite the contrary. In today's world, where most monotonous jobs are being occupied by robots at an increasing rate – an artful personality is most needed, as it is one of the few skills that can set humans apart from machines. Apart from that, art gives humanity hope in times of darkness and jolly alike. (You can use a COVID reference if you want to)

Contrary to the popular belief, creativity and artistic skills are not an innate skill within genetics, but something to be practiced. A resourceful person gathers knowledge and ideas in her mind and mixes them into something new, into art. A community can be of great resource in that matter. We, our seniors, and as well as your peers can nourish and enrich your creativity. Because our club is a unique one, we think in different ways and can encourage different than others. Whether you are a doodler or a professional artist- everyone is welcome here.
