Shaila Nigar Siddique - Moderator (Morning Shift)

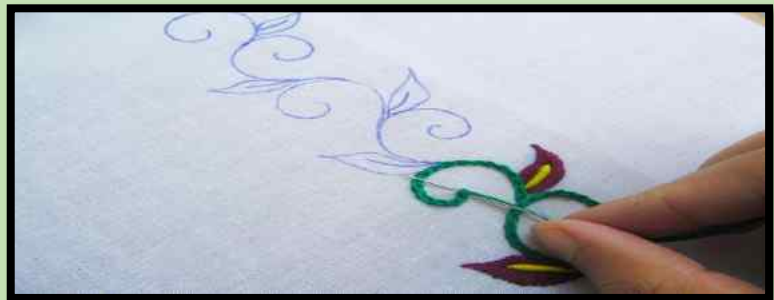

Sewing is an important skill that can be really handy in life.

Sewing club was formed in our college in 2018 as an co-curricular activity.

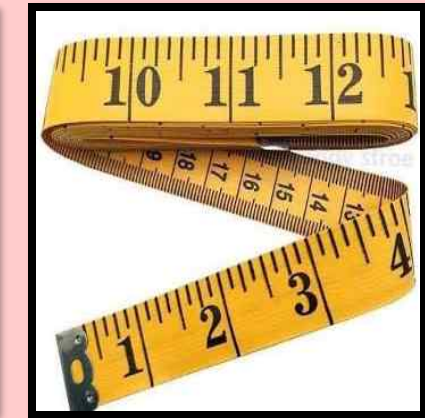

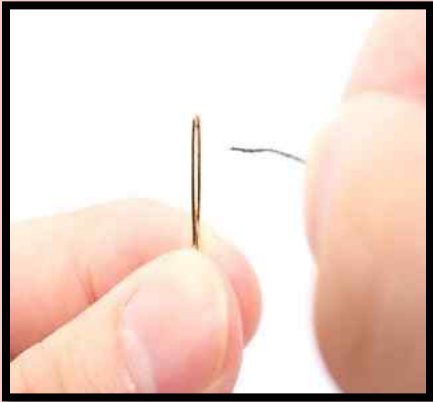

Our students have learned many things from this club. The activities they do here are very important in their daily life. With this skill, they will be able to compete in any sewing competition and can also help make some work become easy. Our club is always there for our students to help them learn the art of sewing.

The Purpose of Sewing Club

1. To give students an idea about the importance and benefits of learning to sew in daily life.
2. Giving students an idea about the different types of sewing and the necessary materials for sewing.
3. Teaching students simple and necessary sewing in the light of textbooks.
