

Transport Facilities

It is our pleasure to inform that the transportation system in SAGSC prevails here long before independence. Later on, after independence it started in a large scale. At present, this institution has 6 buses; 2 are its own and 4 are rented, one (01) coaster, two (02) minibuses and three (03) cars. These vehicles ply Mirpur North and South and Uttara as well. Both teachers and students use the transportation using the bus cards. The transportation system is available for the students ranging from class four to twelve. The authority concerned is working to provide more facilities in this regard.
